PLANTS GRAFTWOOD WILL SHIP

Breathes there a man with soul so dead who never to himself hath said: "There must be a better way to make a living than this."

NOTE FROM ROSS GAST

Mr. Ross Gast made a trip to Maderia from England recently. He says, "Found nothing but the 'oldies' here, but they do grow in profusion. Some of the 'plants' are trees - saw one single red with a trunk diameter of eleven inches."

STORY

Mildred Cox from the Virgin Islands passed on a story for the Seed Pod. Seems this beautiful young woman went to a psychiatrist for treatment. Her only problem was that she was a kleptomaniac. After months of treatment, the psychiatrist said, "Mrs. Charles, I feel you are now cured but if you should have a relapse - will you pick me up a Mix-Master?"

HISTORIAN

Mr. W. Bruce Parnell, 106 Terrace Drive, Winter Haven, Florida has been appointed Historian by the president. Bruce has asked that each chapter historian work up the chapter history and let him have a copy so that he can work it into an overall history of the AHS.

Working up the history of the AHS will be a big job and Bruce has asked you all to help him. Please drop him a note if you can remember anything that you feel he will be interested in.

We have heard via the "hibiscus vine" that Bruce has been in the Hospital. Don't know any of the details tho.
